## **CHAIRPERSON MESSAGE**

Dear Madhav University Community,

Looking back to the past year, I feel not less admiration but more of it for the lasting capacity and confidence of the student community of our university. The academic year 2021-22 had been a year full of surprises and extraordinary challenges due but also full of achievements and significant milestones as well.

We guided the world through the maze of its new radical transformations, which implied unwavering dedication to quality education, research and community services. Every single member of our faculty, student body, and staff was committed to excellence and they helped to make our university a symbol of excellence and innovation in the community.

The underlying strength of our educational programs is clearly seen from the way the performance of our students has shone in various national and international competitions. On the basis of the innovative research coming out of our labs and classrooms we have established that Madhav University is the residence of the leaders and shapers of future.

I wish to acknowledge with great regards to those that have given out their time, energy and resources to make the dream of fiercely learning come true. I am first and foremost grateful to the teamwork that does not only embody the very definition of this institution but invades every building and every office of the university.

We have come this far together, and nobody else but us would do it better. Our university will continue to lead the way in academic brilliance.

- Prof. Raj Kumar

## **PRESIDENT MESSAGE**

"The only limit to our realization of tomorrow is our doubts about today." -Franklin D. Roosevelt

We have faced unprecedented challenges this year, yet you have all demonstrated resilience and determination in pushing the boundaries of education and innovation at Madhav University.

Our faculty continues to excel in research and share their expertise not only with students but also with academic colleagues around the world.

The introduction of new courses tailored to industry requirements demonstrates our commitment to equipping our students with the skills necessary to thrive in an ever-changing world.

Our students have made us proud with their exceptional achievements in academics, sports and community service. They embraced the challenges of distance education, adapted quickly, and continued their pursuit of excellence.

This year also saw the strengthening of partnerships with industry giants, enabling students to gain valuable internships and work opportunities. We are also pleased that our scholarship program has expanded and enabled more deserving young minds to access quality higher education.

Despite these successes, we must not be complacent. Let's continue this spirit in the next academic year – let's remain steadfast in our pursuit of knowledge and growth. As a university community, we will continue to nurture young minds and shape future leaders who are committed to change in society.

Together, let's build an even brighter tomorrow for Madhav University and everyone who is a part of it.

- Prof. Govind Singh

## **VISION & MISSION**

### **VISION**

To establish a learning centre of academic and professional excellence at a global level for fulfilling the social, technological, business and well-being needs of the society.

### **MISSION**

University stands for academic, professional and ethical empowerment of the youths, the rural youths in particular, by using the state-of-art technology/systems, time tested and innovative concepts, excellent infrastructure and internationally acclaimed facilitators. It disseminates quality education in multi disciplinary branches with special emphasis on research.

## Madhav University in Brief (2021-22)

Madhav University (MU) has been established in 2014 as State Private University by the Rajasthan State Legislature Act 07 of 2014 and notified and approved by UGC under section 22 (Act, 1956). MU has been promoted by the Manav Bharti Foundation. Dr. Raj Kumar is the Chairman of the trust and is dedicated for the upliftment of the society for the last one decade. MU is located within the rural drop tribal belt of Rajasthan at “Madhav Hills” Opp. Banas River Bridge on N.H.-27 at village Bharja in District Sirohi, Rajasthan

MU is dedicated to growing and sharing knowledge, ensuring the highest quality of education through teaching, research, and community programs that meet society’s needs. The university aims to transform society for the better by providing excellent education in rural areas.

Madhav University is dedicated to educating the youth, especially in tribal areas, by using modern technology, trusted and creative ideas, outstanding facilities, and world-class teachers. It focuses on providing a good education across various subjects with a strong focus on research.

The vision of the University is to establish a learning centre of academic and professional excellence at a global level for fulfilling the social, technological, business and well being needs of the society.

Presently University is offering Diploma, UG, PG and Ph D programs Faculty of Engineering And Technology, Faculty of Law, Faculty of Pharmacy, Faculty of Agriculture, Faculty of Commerce And Management, Faculty of Education, Faculty of Homoeopathy, Faculty of Allied Health Science, Faculty of Art And Science, Faculty of Naturopathy And Yoga.

University courses are prior approved from the concerned regulatory bodies. Law courses are approved from the Bar Council of India, Pharmacy courses are approved from the Pharmacy council of India. Education & Physical Education courses are approved from the NCTE and ITI courses are approved from the NCVT. University is planning to start BHMS & BAMS courses with effect from the academic session 2018-19 and final permission is awaited from concerned council. The admission policy has been designed in accordance with the State Government /Regulatory Bodies rules.

The University has focused to meet the need and requirements of job-oriented education and facilities to the down trodden strata and rural youth of the Society with an emphasis on women in the region. During this short span, the University has constructed sufficient infrastructure etc to meet the academic requirements such as class-rooms, practical laboratories and Engineering workshops. Infrastructure has been created, keeping in mind the regulatory body's requirements. Qualified faculty and experienced administrative staff have been appointed in the University. In the University more than 500 (Teaching & Non- Teaching Staff members) are employed.

Madhav University provides students with an education that not only focuses on their academic growth but also on their personal development, which includes their social, moral, and ethical values. The University prepares its students to be successful individuals with the necessary skills, understanding, attitudes, and hands-on experiences.

The access to Internet and optimal use of Information Technology by all the faculty members and students have been provided with more than 500 nodes/internet connection points (including Wi-Fi points) in University. The University Library is having 65000 books in various subjects and have subscription of National & International Journals of repute. The University library has been facilitated with online journals and software. Thirty computers have been installed as e-library. Computer Centre has been offering short-term awareness programmes for the Teaching Faculty and Non-Teaching Staff free of cost. These courses have been very useful for encouraging the Faculty, Staff and Scholars to make an effective use of Computer Information Technology and other supporting services. The University is having its own Website to host all type of University information forms and other events etc. on the University Website for student's convenience.

The University is working hard to bring its current courses up to date, introduce new ones, carry out research work, and implement fresh policies to keep up with the fast-moving changes in technology, society, and education. It offers hostels with all necessary amenities for both male and female students. Each hostel has proper security and rules against ragging. For the past 03 years, the University has also operating hospitals for Ayurvedic and homeopathic treatments which include medical services and an ambulance for emergencies.

The University has established a training and placement cell. It also invites experienced lecturers from different industries to engage closely with students and for conducting on-campus job recruitments.

The university has improved its facilities for the all-around growth of the students. This includes a gym with modern machines, a yoga center, and areas for playing indoor and outdoor sports. There is also a large playground and quality sports activities within the campus. Besides these, students engage in extra-curricular tasks like joining in the Swachh Bharat campaign and activities led by coordinators, as well as the NSS Units I & II. They take part in national sports contests held by the Association of Indian Universities. At the beginning of the academic year, departments host welcome parties to help students to associate. The University Foundation Day is celebrated on September 25th, followed by a Youth Festival where students show their talents and are assessed by appointed judges. To broaden their understanding, debates, seminars, and workshops are regularly set up. Also, renowned teachers are invited to give special lectures.
