UN Sustainable Development Goals

17 Sustainable Development Goals

Aiming to “Transform the World,” the United Nations introduced 17 Sustainable Development Goals (SDGs) to guide all nations toward building a healthier and progressive future for everyone on the planet.

Chairman's Message

Madhav University and the UN Sustainable Development Goals

The United Nations Sustainable Development Goals (SDGs) offer a global blueprint for peace, prosperity, and the protection of our planet. At Madhav University, we fully embrace this vision and are committed to driving positive change through inclusive education, social responsibility, and sustainable innovation.

Through the Madhav Centre for Sustainability Development (MCSD), we strive to implement these global goals at the grassroots level. Situated in the tribal heartland of Rajasthan, our mission goes beyond academic excellence—we aim to empower communities, promote good health and well-being, ensure quality education for all, and foster environmental sustainability. These goals are not just ideals; they are actions we integrate into every facet of university life.

Together, as educators, students, and changemakers, we stand united with the global community in building a more equitable, resilient, and sustainable future for everyone, everywhere.

Prof. (Dr.) Rajkumar Rana
Chairman
Madhav University

Madhav Centre for Sustainability Development (MCSD)

Sensitize. Sustain. Serve.

At Madhav University, located in the tribal heartland of Sirohi, Rajasthan, we believe that true education goes beyond classrooms—it must uplift communities and contribute to sustainable development. Guided by the core principles of the United Nations Sustainable Development Goals (SDGs) and rooted in the values of People, Planet, Prosperity, Peace, and Partnership, we have established the Madhav Centre for Sustainability Development (MCSD) as a dedicated platform for driving transformative change.

MCSD focuses on nine key SDGs that align closely with the university's mission: No Poverty, Zero Hunger, Good Health and Well-being, Quality Education, Gender Equality, Industry, Innovation, and Infrastructure, Reduced Inequalities, Climate Action, and Life on Land.

In our tribal and rural setting, Madhav University has made equity and accessibility central to its vision. We actively support Quality Education through scholarships and fee waivers for students from disadvantaged backgrounds, ensuring that financial limitations do not obstruct academic opportunity. For children with special needs enrolled in our Special Education School, we provide free transportation—recognizing the importance of inclusive infrastructure and support systems.

To address Good Health and Well-being, the university regularly conducts free health camps and awareness programs, focusing on preventive care, hygiene, mental health, and community wellness. These are complemented by rallies and community outreach efforts that advocate for better health and social inclusion.

Tackling Zero Hunger, we provide free meals once a week to support students who may face food insecurity, reinforcing our belief that no one should go hungry in the pursuit of learning. Our efforts also extend to raising awareness about nutrition and sustainable agriculture, especially relevant in our agrarian and tribal surroundings.

In our commitment to grassroots engagement, Madhav University has adopted six villages— Wada, Bharja, Bhujela, Kasindra, Amthala, and Achpura—where we conduct regular health camps, educational activities, and development programs to uplift and empower rural populations through sustained, community-driven initiatives.

Our environmental initiatives are rooted in action-oriented learning. Through tree plantation drives, eco-awareness programs, and campus sustainability efforts, we actively promote Climate Action and care for Life on Land. The campus itself is being developed with environmental consciousness, incorporating green practices that reflect our commitment to sustainability.

With the launch of MCSD, Madhav University has formally taken up the responsibility to integrate these nine SDGs into all aspects of university life. By doing so, we empower students to become not just learners, but leaders—ready to address real-world challenges with knowledge, empathy, and purpose.

At Madhav University, sustainability is not just an ideal—it is a continuous commitment to build a just, inclusive, and empowered future, especially for the marginalized and underserved communities we proudly serve.

Vision

To become a transformative hub for sustainable development through inclusive education, innovative research, and community-centered solutions, contributing meaningfully to the realization of the United Nations Sustainable Development Goals (SDGs) at local, national, and global levels.

Mission

The mission of the Madhav Center for Sustainability Development is to promote awareness, education, and action towards sustainable development through inclusive learning, research, and community engagement. The center aims to equip students, faculty, and communities with the knowledge and skills needed to support the United Nations Sustainable Development Goals (SDGs). By encouraging innovation, ethical values, and collaboration, the center strives to contribute to a healthier, more equitable, and environmentally responsible future for all.

United Nations Goal No: 13

Climate Action

13 CLIMATE
ACTION

At Madhav University, through the Madhav Centre for Sustainability Development (MCSD), we are deeply committed to addressing the global climate crisis by aligning our actions with the United Nations Sustainable Development Goal 13 “Climate Action”. As a higher education institution situated in the ecologically sensitive and tribal region of Sirohi, Rajasthan, we recognize our responsibility to lead environmental stewardship both on campus and in the surrounding communities.

Our climate-focused initiatives are holistic, practical, and participatory, aiming to create awareness and drive sustainable practices among students, faculty, and the wider rural population.

- **Tree Plantation Drives:** We regularly organize tree plantation programs involving students, staff, and community members. These efforts contribute to biodiversity, soil conservation, and carbon sequestration in the region.
- **Adoption of Villages for Conservation:** Madhav University has adopted six nearby villages (Wada, Bharja, Bhujela, Amthala, Achpura, and Kasindra) as part of its eco-restoration project, where afforestation and conservation efforts are carried out to protect native flora and prevent soil erosion.
- **Cleanliness Drives and Plastic-Free Campus:** We run cleanliness drives across campus and nearby villages under the ethos of the *Swachh Bharat Abhiyan*. Our campus is declared plastic-free, encouraging the use of sustainable alternatives and instilling responsible waste practices.
- **Community Engagement for Climate Change:** Outreach programs are conducted in tribal and rural areas to spread awareness about climate change, its impact on agriculture, and community-driven solutions for resilience and adaptation.
- **Awareness Programs on Environmental Protection:** Educational campaigns, workshops, and seminars are organized to sensitize students and villagers about conserving water, protecting local ecosystems, and reducing environmental degradation.
- **Promotion of Sustainable Farming Methods:** In collaboration with local farmers, we promote organic and sustainable farming practices, including reduced use of chemical fertilizers and pesticides. This helps protect soil health, improve yield, and reduce environmental impact.
- **Clean Nation Campaign – Unnat Bharat Abhiyan:** As Nodal Institution of the Unnat Bharat Abhiyan, we participate in national efforts to promote rural sustainability and sanitation. This includes awareness drives, eco-education, and cleanliness campaigns in nearby villages.
- **Avoiding Use of Chemical Pesticides:** Special sessions are held to educate farmers and students on the harmful effects of chemical pesticides and introduce them to eco-friendly alternatives such as biopesticides and integrated pest management.

- Policy on Waste Management: We have implemented a comprehensive waste management policy on campus, including segregation at source, composting of organic waste, and safe disposal of hazardous materials.
- Battery-Driven Vehicles: To reduce our carbon footprint, the campus promotes the use of battery-operated vehicles for internal transportation, supporting a clean and quiet environment.

Through these integrated efforts, Madhav University ensures that environmental consciousness becomes a way of life. MCSD's Climate Action programs not only address immediate ecological concerns but also foster long-term sustainability and resilience in tribal and rural communities.

Some of the reports are as under:

SDGs

13. Climate Action

2023-24

MADHAV UNIVERSITY, PINDWARA (SIROHI)

(Established by the Rajasthan State Govt. Legislature Act No. 07 of 2014)

ACTIVITY REPORT

Name of the activity: Green Earth, Clean Future: Tree Plantation Campaign for Environmental Conservation

Organized by: NSS Unit 1, Faculty of Social Sciences and Humanities and Faculty of Agriculture

Date: 08/07/2023

Place of the activity: Wasa village

No. of students participated: 30

No. of Teachers participated: 6

Beneficiaries: Local Community

Activity Coordinator: Dr. Renuka

Activity Objectives : The objectives of the "Green Earth, Clean Future: Tree Plantation" program are to enhance environmental awareness and education in the community, promote biodiversity by planting a diverse range of native tree species, and combat climate change by increasing carbon sequestration. The program aims to improve air quality, reduce soil erosion, and enhance local ecosystems. Additionally, it seeks to engage community members, especially youth, in environmental stewardship, provide educational opportunities about sustainable practices, and foster a sense of collective responsibility for maintaining and protecting green spaces.

Activity Outcomes : The outcomes of the "Green Earth, Clean Future: Tree Plantation" program include increased environmental awareness and education among participants, enhanced biodiversity through the planting of various native tree species, and a measurable contribution to combating climate change by sequestering carbon. The program leads to improved air quality, reduced soil erosion, and strengthened local ecosystems. Additionally, it fosters community engagement and involvement, particularly among youth, in environmental stewardship, promotes sustainable practices, and cultivates a collective sense of responsibility for maintaining and protecting green spaces.

Activity Report

Name of the activity: Swacchata Pakhwada- Clean Village, Healthy Villages"- An Awareness Program

Organized by: NSS Unit, Faculty of Social Sciences and Humanities

Date: 14/09/2023

Place of the activity: Bharja village

No. of students participated: 39

No. of Teachers participated: 4

Beneficiaries: Local Community

Activity Coordinator: Dr. Raj Singh Sehrawat

Activity Objectives: The objectives of the "Swacchata Pakhwada - Clean Village, Healthy Villages" awareness program are to promote cleanliness and hygiene practices among villagers, emphasizing the importance of sanitation and waste management. The program aims to educate the community about the health benefits of maintaining a clean environment and encourage active participation in cleanliness drives and waste segregation. It seeks to foster a sense of responsibility and collective effort towards sustaining a clean and healthy village.

Activity Outcomes: The outcomes of the "Swacchata Pakhwada - Clean Village, Healthy Villages" awareness program include improved cleanliness and hygiene practices within the village, leading to a healthier living environment. The program successfully raises awareness about the importance of sanitation, waste management, and personal hygiene among villagers. Increased community participation and engagement in cleanliness drives and waste segregation initiatives result in reduced pollution and healthier surroundings. The program fosters a sense of responsibility and collective effort towards maintaining a clean village, ultimately contributing to better public health outcomes and a stronger, more cohesive community.

माधव विवि में मना रहे स्वच्छता पखवाड़ा

भास्कर न्यूज़ | आबूरोड

माधव विश्वविद्यालय में स्वच्छ भारत मिशन के नौ साल पूरे होने के उपलक्ष्य में विशेष शिक्षा विभाग की ओर से सफाई अभियान चलाया। विश्वविद्यालय में विभिन्न कार्यक्रमों का आयोजन किया। इसमें स्लोगन प्रतियोगिता के साथ विश्वविद्यालय परिसर एवं भारजा में सफाई अभियान चलाया।

विभाग प्रमुख डॉ. राज सिंह सहरावत ने विभाग के सभी विद्यार्थियों को स्वच्छता के प्रति जागरूक किया। बताया कि महात्मा गांधी ने अपने आसपास के लोगों को स्वच्छता बनाए रखने संबंधी शिक्षा प्रदान कर राष्ट्र को उत्कृष्ट संदेश दिया था। उन्होंने "स्वच्छ भारत" का सपना देखा था इसके लिए वह चाहते थे कि भारत के सभी नागरिक एक

आबूरोड, स्वच्छा अभियान के तहत पोस्टर से जागरूकता फैलाई।

साथ मिलकर देश को स्वच्छ बनाने के लिए कार्य करें। महात्मा गांधी के स्वच्छ भारत के स्वप्न को पूरा करने के लिए, प्रधानमंत्री नरेन्द्र मोदी ने 2 अक्टूबर को स्वच्छ भारत अभियान शुरू किया।

इसके सफल कार्यान्वयन के लिए भारत के सभी नागरिकों से अभियान से जुड़ने की अपील की। सहायक प्राध्यापक अक्षय शर्मा और सहायक प्राध्यापिका भावना रावत ने स्वच्छ भारत मिशन के उद्देश्यों को बताते हुए

कहा कि स्वच्छ भारत मिशन का उद्देश्य केवल आसपास की सफाई करना नहीं है अपितु नागरिकों की सहभागिता से अधिक से अधिक पेड़ लगाना, कचरा मुक्त वातावरण बनाना, शौचालय की सुविधा उपलब्ध करवाकर स्वच्छ भारत का निर्माण करना है। इस मौके पर विभाग के सहायक प्राध्यापक घनश्याम कुशवाहा, परमजीत धवन, पवन कुमार, कृष्ण वीर, शिव प्रकाश तथा विभाग के अन्य कर्मचारी मौजूद थे।

Activity Report

Name of the activity: "Clean village, healthy village - An awareness program on cleanliness"

Organized by: NSS Unit, Faculty of Social Sciences and Humanities

Date: 18/10/2023

Place of the activity: Kasindra village

No. of students participated: 28

No. of Teachers participated: 6

Beneficiaries: Local Community

Activity Coordinator: Dr. Sangeeta Singh and Dr. Devendra Muzalda

Activity Objectives: The objectives of the "World Health" awareness program on healthy lifestyle at Bharja village are to promote awareness and education about the importance of adopting a healthy lifestyle among the residents. The program aims to highlight the significance of maintaining a balanced diet, regular exercise, adequate sleep, and stress management for overall health and well-being. It seeks to empower individuals with knowledge and skills to make healthier choices in their daily lives and prevent lifestyle-related diseases such as obesity, diabetes, and cardiovascular disorders.

Activity Outcomes: The outcomes of the "World Health" awareness program on healthy lifestyle at Bharja village include increased awareness and understanding among residents about the importance of adopting healthy lifestyle practices. Participants gain knowledge about the benefits of balanced nutrition, regular physical activity, adequate sleep, and stress management in improving overall health and well-being. The program fosters positive behavior change, leading to the adoption of healthier habits and lifestyles among community members. As a result, there is a reduction in the prevalence of lifestyle-related diseases and an improvement in overall health outcomes.

Activity Report

Name of the activity: Plant trees, Reduce heat"- A tree plantation drives

Organized by : NSS Unit and Faculty of Agriculture and Faculty of Social Sciences and Humanities

Date: 16/11/2023

Place of the activity: Wada village

No. of students participated: 31

No. of Teachers participated: 4

Beneficiaries: Local Community

Activity Coordinator: Dr. Sangeeta Singh and Dr. Devendra Muzalda

Activity Objectives : The objectives of the "Plant Trees, Reduce Heat" tree plantation drive in Achapura village are to combat the local effects of climate change by increasing green cover and reducing the urban heat island effect. The program aims to plant a significant number of trees to provide shade, lower temperatures, and improve air quality in the village. It seeks to educate residents about the benefits of trees in cooling the environment, conserving energy, and enhancing overall well-being. Additionally, the drive aims to foster community participation and engagement in environmental conservation efforts, promoting a sense of responsibility towards maintaining and nurturing the newly planted trees.

Activity Outcomes: The outcomes of the "Plant Trees, Reduce Heat" tree plantation drive in Achapura village include a noticeable reduction in local temperatures and an improvement in air quality due to the increased green cover. The newly planted trees provide much-needed shade, contributing to lower ambient temperatures and mitigating the urban heat island effect. Residents gain a better understanding of the environmental and health benefits of trees, leading to greater appreciation and commitment to environmental conservation. Community involvement in the drive fosters a sense of collective responsibility and strengthens community bonds.

Name of the activity: Global warming - Awareness program on environmental conservation among villagers

Organized by: NSS Unit and Faculty of Agriculture

Date: 12/01/2024

Place of the activity: Ore village

No. of students participated: 33

No. of Teachers participated: 2

Beneficiaries: Local Community

Activity Coordinator: Dr. Devendra Muzalda

Activity Objectives: The "Global Warming Awareness Program" aims to educate villagers on the causes and effects of global warming, promote sustainable practices, and empower them to protect the environment. It focuses on the impact of human activities like carbon emissions and deforestation, highlights the effects on local ecosystems, and encourages actions such as energy conservation, waste reduction, and reforestation to build community resilience and mitigate global warming.

Activity Outcomes: The "Global Warming Awareness Program" resulted in increased environmental consciousness among villagers, promoting sustainable practices and fostering community engagement in conservation efforts. Participants gained awareness about the causes and effects of global warming, leading to the adoption of eco-friendly behaviors such as energy conservation and waste reduction. The program facilitated community involvement in environmental initiatives, contributing to the protection of local ecosystems and biodiversity. Overall, the program empowered villagers to take proactive steps towards mitigating the impact of global warming and preserving the environment for future generations.

Name of the activity : Heat Wave Awareness: Preventive Measures Program

Organized by : NSS Unit 1, Madhav Homoeopathic Medical College and Hospital and Faculty of Physiotherapy, Madhav University

Date : 29/04/2024

Place of the activity: Kasindra village

No. of students participated : 25

No. of Teachers participated: 5

Beneficiaries : Local Community

Activity Co-ordinator : Dr. Renu Bansiwala

Activity Objectives : The "Heat Wave Awareness: Preventive Measures Program" aims to educate the community on the dangers of heat waves and heat-related illnesses, promoting strategies to prevent and manage heat exposure. It emphasizes the importance of hydration, recognizing symptoms of heat exhaustion and stroke, and using preventive measures like staying indoors during peak heat, wearing appropriate clothing, and cooling techniques. The program specifically targets vulnerable groups such as the elderly, children, and outdoor workers, providing tailored guidance to reduce heat-related health issues and enhance community resilience to extreme heat.

Activity Outcomes : The "Heat Wave Awareness: Preventive Measures Program" successfully raised community awareness of heat wave dangers and heat-related illnesses, leading to widespread adoption of preventive measures such as hydration, avoiding peak heat, and using cooling techniques. The program effectively supported vulnerable groups, including the elderly, children, and outdoor workers, helping to reduce heat-related health issues and enhance community resilience to extreme heat, ultimately improving health and safety during heat waves.

Name of the activity : Renewable Renaissance: Inspiring a sustainable future through renewable energy

Organized by : NSS UNIT 1 & Faculty of Engineering and Technology, Madhav University

Date : 10/01/2024

Place of the activity : Sanwada village

No. of students participated : 29

No. of Teachers participated: 4

Beneficiaries : School students

Activity Coordinator : Mr. Dilip Prajapat

Activity Objectives: The objective of "Renewable Renaissance: Inspiring a Sustainable Future through Renewable Energy" is to promote the adoption and utilization of renewable energy sources to address environmental challenges and reduce dependency on fossil fuels. This initiative aims to educate and engage communities, businesses, and policymakers on the benefits and feasibility of renewable energy technologies such as solar, wind, and hydroelectric power. By fostering innovation and investment in renewable energy infrastructure, the project seeks to reduce greenhouse gas emissions, enhance energy security, and create green jobs.

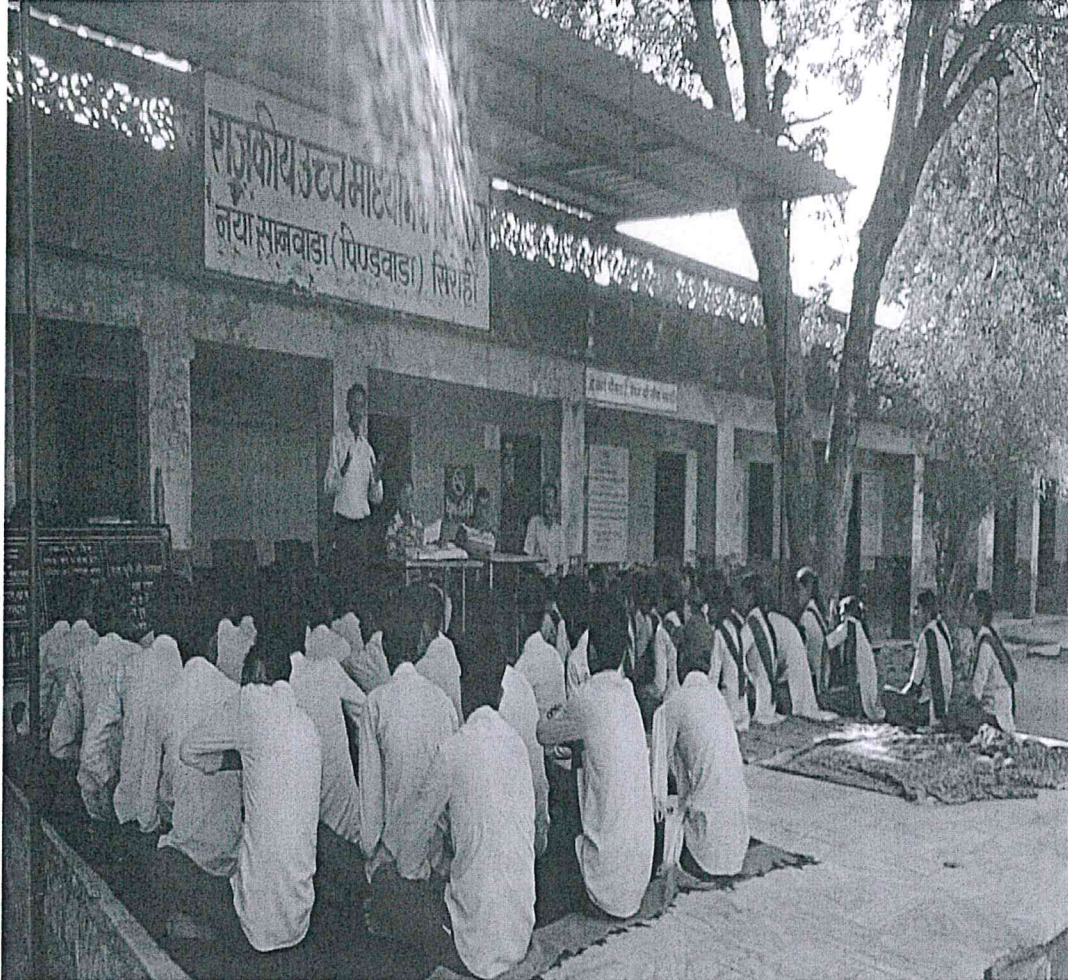

Activity Outcomes: The "Renewable Renaissance: Inspiring a Sustainable Future through Renewable Energy" initiative has successfully achieved several key outcomes. It has significantly increased awareness and understanding of renewable energy technologies among communities, businesses, and policymakers. The initiative has led to a notable rise in the adoption of solar, wind, and hydroelectric power, contributing to a reduction in greenhouse gas emissions and a decrease in reliance on fossil fuels. Additionally, it has stimulated investment in renewable energy infrastructure, resulting in the creation of green jobs and enhancing energy security.

Activity Report

Name of the activity: "Swacchata Sankalp - An awareness programme on cleanliness"

Organized by: NSS Unit 1 and Madhav Homoeopathic Medical College and Hospital, Madhav University

Date: 30/04/2024

Place of the activity: Sirohi Village

No. of students participated: 26

No. of Teachers participated: 5

Beneficiaries: Local Community

Activity Coordinator: Dr. Hemali

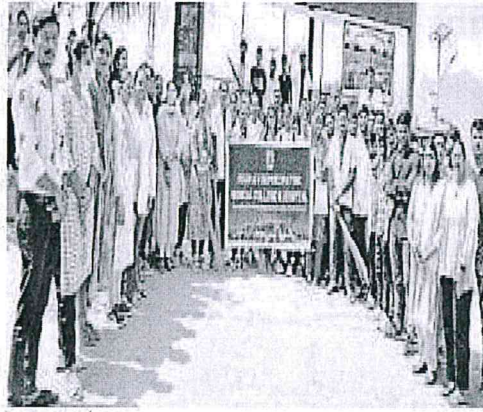

Activity Objectives: The objective of the "Swacchata Sankalp" awareness program is to promote the importance of cleanliness and hygiene among students and the community. The program aims to instill a sense of responsibility for maintaining clean surroundings, both in personal spaces and public areas. It seeks to educate participants on the health and environmental benefits of cleanliness, encouraging sustainable habits like waste management, recycling, and sanitation practices. By fostering a culture of cleanliness, the program aspires to create long-term behavioral changes that contribute to healthier, cleaner communities and a more environmentally conscious society.

Activity Outcomes: The "Swacchata Sankalp" program successfully raised awareness about the importance of cleanliness and hygiene among participants. Students and community members developed a stronger sense of responsibility towards maintaining clean environments, both at home and in public spaces. The program led to noticeable improvements in personal hygiene practices, waste disposal habits, and participation in community cleanliness drives. Additionally, it fostered long-term behavioral changes, with participants adopting sustainable practices like recycling and proper waste management. Overall, the program contributed to healthier living conditions and a cleaner, more environmentally conscious community.

माधव विश्वविद्यालय में स्वच्छता का लिया संकल्प

नवज्योति/सिरोही। माधव विश्वविद्यालय के माधव होम्योपैथिक मेडिकल कॉलेज और अस्पताल की ओर से विश्वविद्यालय परिसर में स्वच्छता ही सेवा अभियान 2024 के अंतर्गत व्यापक स्वच्छता अभियान आयोजित किया गया। इस अभियान का मुख्य उद्देश्य स्वच्छता के महत्व पर जागरूकता फैलाना और लोगों को सफाई के प्रति जिम्मेदार बनाने पर जोर देना था। कार्यक्रम की शुरुआत कॉलेज के प्रतिष्ठित शिक्षकों और मेडिकल स्टाफ की उपस्थिति में हुई। प्रमुख शिक्षकों में प्रोफेसर (डॉ.) हेमालो, डॉ. किरण गटेल, डॉ. नेहा शर्मा, त्रिपाठ, डॉ. पारुल सिंह, और डॉ. बुआनुजा शामिल थे। इसके अतिरिक्त, अस्पताल के मेडिकल अधिकारी डॉ.

भावना, डॉ. प्रतीक्षा, और डॉ. रेनु वंसोवाल ने भी बहु-चट्टकर हिस्सा लिया और स्वच्छता के इस अभियान को सफल बनाने में योगदान दिया। वीएचएमएस के सभी वर्गों के विद्यार्थियों सहित इंटरनल कर रहे छात्र-छात्राओं ने तत्साहपूर्वक इस अभियान में

भाग लिया। सभी ने एकजुट होकर विश्वविद्यालय परिसर को स्वच्छ बनाने के लिए सफाई कार्य किया और समाज में स्वच्छता के महत्व को प्रचारित करने का संकल्प लिया। विद्यार्थियों के इस सामूहिक प्रयास से विश्वविद्यालय परिसर को एक नया रूप

मिला, जिससे समाज में स्वच्छता के प्रति सकारात्मक संदेश प्रसारित हुआ। अभियान के समापन पर माधव होम्योपैथिक मेडिकल कॉलेज और अस्पताल के डेन और प्राचार्य प्रो. (डॉ.) मनोज कुमार बेहरा ने सभी का धन्यवाद ज्ञापन किया। उन्होंने इस प्रकार के अभियानों को निरंतरता पर जोर देते हुए कहा, स्वच्छता केवल एक दिन का कार्य नहीं है, इसे हमें अपनी जीवनशैली का अभिन्न हिस्सा बनाना चाहिए। उन्होंने भविष्य में भी ऐसे कार्यक्रमों में भाग लेने के लिए प्रेरित किया और सभी को सहभागिता को सराहना की। इस स्वच्छता अभियान ने न केवल विश्वविद्यालय परिसर को स्वच्छ बनाया, बल्कि स्वच्छता के महत्व को जन-जन तक पहुंचाने में महत्वपूर्ण भूमिका निभाई।

2022-23

Activity Report

Name of the activity : "Greening Our Villages: Earth Conservation and Enhancement Program in Rural Areas"

Organized by : NSS UNIT 1 & 2 & Faculty of Humanities and Social Sciences & Faculty of Agriculture

Date : 08/08/2022

Place of the activity : Achapura village

No. of students participated : 29

No. of Teachers participated : 5

Beneficiaries : Local Community

Activity Coordinator : Dr. Sujan Patel, Dr. Sanjay Parihar, Dr. Vijay Laxmi Yadav

Activity Objectives : The "Greening Our Villages" program aims to promote earth conservation and environmental enhancement in rural areas. Its objectives include increasing awareness about sustainable practices and the importance of environmental stewardship, encouraging the planting of trees and the creation of green spaces, and promoting waste reduction and recycling. The program seeks to improve local ecosystems and biodiversity, enhance the overall quality of life in rural communities, and foster a culture of environmental responsibility.

Activity Outcomes : The "Greening Our Villages" program aims to achieve several key outcomes, including enhanced environmental awareness and the adoption of sustainable practices among rural communities. The initiative seeks to successfully establish and maintain green spaces, increase tree planting, and improve waste management practices. These efforts are intended to boost local biodiversity, improve air and soil quality, and create a healthier, more sustainable environment. By fostering community involvement in conservation activities, the program aims to instill a lasting culture of environmental responsibility and contribute to the long-term well-being of rural areas.

Activity Report

Name of the activity : "Harmony with Nature: An Environmental Protection Awareness and Plantation Program in Rural Villages"

Organized by : NSS UNIT 1 & 2 & Faculty of Humanities and Social Sciences & Faculty of Agriculture

Date : 19/09/2022

Place of the activity : Wada village

No. of students participated : 28

No. of Teachers participated : 5

Beneficiaries : Local Community

Activity Coordinator : Dr. Yogendra Kumar Dr. Chaudhary Niravkumar, Dr. Satyendra Nath Sharma

Activity Objectives : The objectives of the "Harmony with Nature: An Environmental Protection Awareness and Plantation Program in Rural Villages" are to educate and engage rural communities on the importance of environmental conservation and sustainable practices. The program aims to raise awareness about the impacts of deforestation, pollution, and climate change, emphasizing the need for preserving natural resources. It seeks to promote eco-friendly practices, such as waste reduction, water conservation, and the use of renewable resources.

Activity Outcomes : The "Harmony with Nature: An Environmental Protection Awareness and Plantation Program in Rural Villages" aims to achieve several significant outcomes. These include increased awareness and understanding among villagers about environmental issues such as deforestation, pollution, and climate change. The program seeks to instill a sense of responsibility for environmental stewardship, leading to the adoption of sustainable practices like waste reduction, water conservation, and the use of renewable resources.

Activity Report

Name of the activity : "Swachhata Program: Cleanliness Drive in Rural Areas"

Organized by : NSS UNIT 1 & 2 & Faculty of Humanities and Social Sciences & Faculty of Law

Date : 27/09/2022

Place of the activity : Bharja Village

No. of students participated : 26

No. of Teachers participated : 5

Beneficiaries : Local Community

Activity Coordinator : Dr. Patel Saileshchandra Rameshchandra, Dr. Prabha Gour, Dr. Shahzad Ali

Activity Objectives : The objectives of the "Swachhata Program: Cleanliness Drive in Rural Areas" are to promote and improve sanitation and hygiene practices within rural communities. The program aims to raise awareness about the importance of cleanliness and its impact on health and well-being. It seeks to mobilize local residents to actively participate in waste management and litter control, encouraging the proper disposal of waste and the maintenance of clean public spaces. Additionally, the initiative focuses on educating communities about the benefits of sanitation infrastructure, such as clean drinking water and proper sewage systems.

Activity Outcomes : The "Swachhata Program: Cleanliness Drive in Rural Areas" aims to achieve several key outcomes. These include improved sanitation and hygiene practices within the community, leading to a cleaner and healthier environment. The program seeks to result in increased community engagement in waste management, with residents actively participating in litter control and proper waste disposal. Enhanced awareness of the benefits of sanitation infrastructure is also an expected outcome, leading to better maintenance of public spaces and improved public health.

Activity Report

Name of the activity : Cleanliness Mission: Swachh Bharat Abhiyan

Organized by : NSS UNIT 1 & 2 & Faculty of Humanities

Date : 26/11/2022

Place of the activity : Deldar village

No. of students participated : 24

No. of Teachers participated : 5

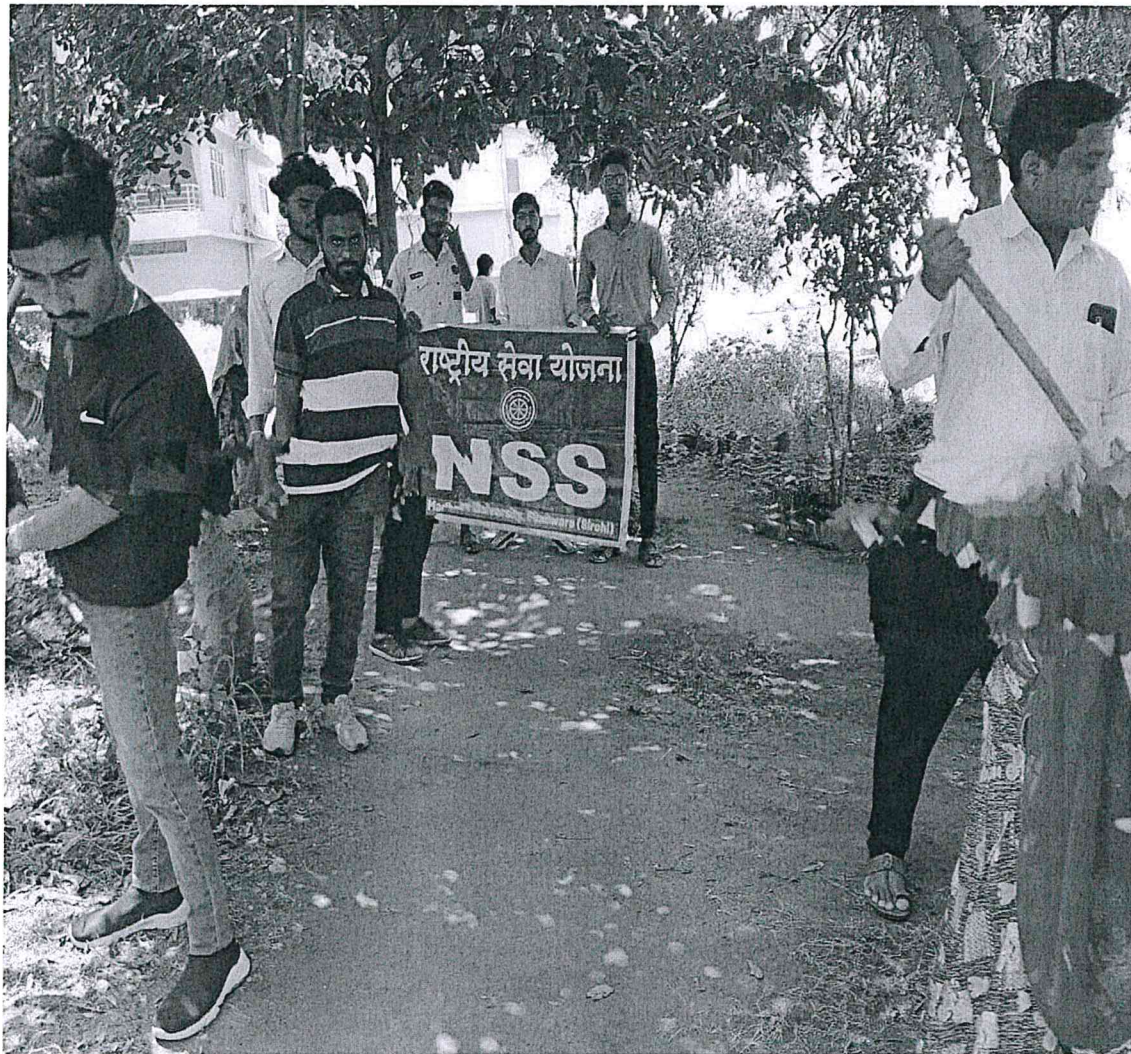

Beneficiaries : Local Community

Activity Coordinator : Dr. Devendra Muzalda

Activity Objectives : The "Cleanliness Mission: Swachh Bharat Abhiyan" aims to promote a culture of cleanliness and hygiene within communities. Its objectives include raising awareness about the importance of sanitation and waste management, encouraging active participation from citizens in cleanliness drives, and fostering a sense of responsibility towards maintaining clean surroundings. The initiative seeks to mobilize volunteers to clean public spaces, educate individuals about proper waste disposal practices, and highlight the health benefits of a clean environment. Ultimately, the mission aims to contribute to a cleaner, healthier, and more sustainable community for all.

Activity Outcomes : The "Cleanliness Mission: Swachh Bharat Abhiyan" resulted in significant improvements in community cleanliness and hygiene awareness. Participants actively engaged in various cleanliness drives, leading to cleaner public spaces and reduced litter in their neighborhoods. The initiative fostered a heightened sense of responsibility among citizens regarding waste management and sanitation practices. Educational efforts increased knowledge about hygiene and the health benefits of cleanliness, empowering individuals to maintain clean environments. Overall, the mission successfully contributed to a cleaner, healthier community and strengthened the collective commitment to sustaining these efforts for the future.

Activity Report

Name of the activity : Kachra Se Azadi: Waste Segregation by Color

Organized by : NSS UNIT 1 & 2, Faculty of Basic and applied sciences and Faculty of Engineering and Technology

Date : 29/03/2023

Place of the activity : Aburoad village

No. of students participated : 48

No. of Teachers participated : 4

Beneficiaries : Local Community

Activity Coordinator : Dr. Manish Kumar Goyal

Activity Objectives : The Kachra Se Azadi program aims to promote effective waste management through the use of color-coded bins, educating participants on proper waste segregation practices. The program teaches the significance of different bin colors—green for biodegradable waste, blue for recyclables, and red for hazardous waste—to simplify disposal and reduce environmental impact. Through interactive workshops, demonstrations, and community engagement, Kachra Se Azadi encourages responsible waste disposal, minimizes landfill contributions, and fosters a cleaner, healthier environment. This initiative empowers communities to actively participate in sustainable waste management and environmental conservation.

Activity Outcomes : The Kachra Se Azadi program leads to improved waste segregation practices and a cleaner environment in the community. Participants gain a clear understanding of how to use color-coded bins—green for biodegradable waste, blue for recyclables, and red for hazardous items—which helps reduce contamination and promotes recycling. The initiative fosters a sense of environmental responsibility, with more individuals actively sorting their waste correctly and encouraging others to do the same. Overall, Kachra Se Azadi contributes to a sustainable waste management culture, lowering landfill waste and enhancing community cleanliness.

Name of the Activity: Awareness Program on Save Energy, Save the Planet

Organized by: NSS UNIT -1 & 2 and Faculty of Engineering and Technology

Date of Activity: 17/7/2021

Place of the Activity: Vasa

No. of Students Participated: 20

No. of Teacher Participated: 08

Beneficiaries: Local Community

Activity Coordinator: Dr. Vidushi Ameta

Purpose of the Activity: The main objective of the program is to reduce the use of energy and to encourage people to use it efficiently.

Description: Through this program we will provide information to the students regarding how to manage usage, identify energy saving opportunities, conserve consumption and reduce carbon emissions. It was a huge motivation for our young minds to see a live example who has been contributing so much in action to save our planet. The interaction/ doubt session was engaging making the whole webinar an unforgettable experience. The one-hour long talk was lively and quirky casting a new light on various sustainable techniques to replace, which can bring an immense difference for the environment. Our spoke person helped to understand the techniques via live demonstration during the program.

Outcomes of the Activity: The objective to celebrate this program is to drive mass awareness about the importance of energy efficiency and conservation.

माधव विश्वविद्यालय में 'स्वच्छता ही सेवा-2019'

संवाददाता

रणदीर राजस्थान

आबूरोड। स्थानीय माधव विश्वविद्यालय में 'स्वच्छता ही सेवा-2019' आयोजन के क्रम में पन्द्रह दिवसीय स्वच्छता पखवाड़ा का आयोजन हुआ। विश्वविद्यालय के प्रेसीडेंट प्रो. जे. एल. बिज ने अपने कार्यालय में स्वयंसेवकों के साथ झाड़ू उठाकर स्वच्छता पखवाड़ा की शुरुआत की।

विश्वविद्यालय के कुलसचिव जे. बी. शर्मा ने बताया कि विश्वविद्यालय की राष्ट्रीय सेवा योजना, उन्नत भारत अभियान, स्वच्छता अभियान व एक्सटेंशन गतिविधि की साझेदारी में यह कार्यक्रम

आयोजित हुआ। इसमें स्वयंसेवकों ने विश्वविद्यालय के कक्षा कक्षों, कार्यालयों, बरामदों व मैदान की सफाई की। साथ ही स्वच्छता पखवाड़े के अलग-अलग दिनों में बगीचे, खेल मैदान, आयुर्वेद चिकित्सालय, छात्रावासों के साथ पूरे परिसर को पूर्णतया

साफ किया। स्वयंसेवकों ने राष्ट्रीय सेवा योजना की निदेशक डॉ. विदुषी आमेटा, एन एस एस इकाई एक प्रभारी डॉ. देवेन्द्र मुझाल्टा, इकाई दो प्रभारी संगीता सिंह, सहप्रभारी प्रदीप कच्छवा व विधि संकाय के व्याख्याता सुजीत के नेतृत्व में स्वच्छता पखवाड़ा के अन्तर्गत

विश्वविद्यालय परिसर को साफ करने में उत्साह के साथ भागीदारी की। स्वयंसेवकों ने नजदीक में स्थित प्रसिद्ध पर्यटन केन्द्र माउण्ट आबू के विविध स्थलों पर झाड़ू लगाकर स्वच्छता का संदेश दिया। स्वच्छता पखवाड़ा में स्वयंसेवक रूपसिंह, कृष्णा देवासी, भोपाल सिंह, दीपक प्रजापत, हितेश चारण, हेमन्त सिंह बगडिया, करण पुरोहित, महीपाल राजपुरोहित, रीमा, किरण कुमारी, सुरभि, प्रेमलता, डायना, जावेद खान, मनीष बंजारा, महेन्द्र कुमार, कृष्ण कुमार, रामाराम, प्रियंका सिंह, सपना, ललिता, कात्यायनी आदि का विशेष सहयोग रहा।

Organized by: NSS UNIT-1 & 2 and Faculty of Education

Date of Activity: 1/1/2020

Place of the Activity: Bhimana

No. of Students Participated: 25

No. of Teacher Participated: 05

Beneficiaries: Local Community

Activity Coordinator : Dr. Devendra Muzalda

Purpose of the Activity: The objective of celebrating awareness program on "Save Energy and Save the Planet" is to spread awareness regarding Save energy and save the planet for a Sustainable future.

Description: This program will raise public awareness of the problem of climate change in india as well as the many practical opportunities Serbs have to save energy, which increasingly means saving money as well as saving the planet. One of the major problems being faced by the current generation is the shortage of energy. To make energy available for all; not only for ourselves but also for the future generation, we need to take certain steps. In this regard NSS Units organized a program "Save Energy and Save the Plane" on 1st January 2020, to learn simple steps that we as a individual can take towards the conservation of energy.

Outcomes of the Activity: To celebrate this program is to drive mass awareness about the importance of energy efficiency and conservation.
